

To whom it may concern,

This letter is to acknowledge that Pinehurst has used the services of Midwest for many years.

We have relied on Midwest to provide us with quality labor for our construction projects. We enjoy working with Midwest because they demonstrate a high level of reliability, cooperation and fair pricing. Many times we have given them a very short timeline to find skilled people who meet our standards and they have always come through for us providing quality labor.

We are happy to recommend Midwest for excellent service, quality and pricing which yield great results.

A handwritten signature in dark ink, appearing to read "Donald Christie", is written over a faint, light-colored signature line.

Donald Christie,
President
